

SOUL INJURY : LIBERATING UNMOURNED LOSS AND UNFORGIVEN GUILT

November 15, 5:30 - 7:30 p.m.
Red River Theatres, 11 South Main Street, Concord

Soul Injury, a ground-breaking program, is presented by national lecturer Deborah Grassman, former Veterans Affairs advanced practice nurse with over 30 years of experience working with dying veterans.

Grassman and her Opus Peace colleagues cared for tens of thousands of veterans at the end of life, and what they learned from those veterans provides much of the basis for *Soul Injury*.

Soul Injury is defined as a spectrum of penetrating wounds caused by unmourned loss and unforgiven guilt/shame that causes one to become separated from their own sense of self. This program outlines steps for Soul Restoration learned from Grassman's work with veterans. It includes an important discussion of how traumatic and insidious Soul Injuries have the potential to hurt us all.

Target audience includes people who have experienced loss, personal and professional caregivers, health care clinicians, social service clinicians, and Veterans and families of Veterans.

There will be a post-screening panel discussion including providers from the VA Medical Center Manchester Palliative Care team and members of Concord Regional VNA Hospice team.

This screening is offered at no charge - *tickets required*.
